

How an Automotive Group Went Full-Throttle with Their AP Process Thanks to Yooz

Industry: Automotive
Location: Nova Scotia, CA
Locations: 8
Invoices: 8,000/month
ERP: PBS

Founded in 1927, Bruce Auto Group is a leading dealership network in Southwest Nova Scotia, known for its commitment to quality vehicles, exceptional service, and community engagement. Offering a wide range of new and used vehicles from top brands like Ford, Honda, Nissan, and Hyundai, the group has earned multiple honors, including Best Dealerships to Work For (2018–2023) and recognition among Atlantic Canada's Top 101 Companies.

With a strong focus on customer satisfaction, innovation, and local support, Bruce Auto Group continues to deliver a superior automotive experience.

"Our managers tell us they don't know how they operated without Yooz before. If you're touching stacks of invoices and reviewing them every month, it's just a waste of time. I don't think we could ever go back. Our staff would just be bogged down with papers all day. AP Automation is simply a must in today's work environment."

Justin Barker, Controller

⊗ Previous Pain Points

Document storage & inefficient access

Time-consuming invoice management

Costly & unefficient manual management

Lack of visibility

✓ The Yooz Solution

Centralized, cloud-based data storage with 24/7 remote access from anywhere

Unlimited customizable workflows with tailored approval levels

Faster response to requests, fewer e-mails to manage, less time spent tracking down approvers

Transparent process; full accountability for department manager

⊗ The Challenge

Bruce Automotive Group was looking for the best way to automate its AP processes. Yooz was the only complete end-to-end solution to do away with the monthly madness of mailing documents between its eight locations in Nova Scotia, Canada, and sifting through piles of invoices.

The Yooz platform gives them unrivaled flexibility and real-time visibility to focus on growing their dealerships and commercial leasing business.

"With Yooz you have that flexibility, especially in the environment we're in today, where you can approve from anywhere, and it makes the AP process seamless, and gives you good, up-to-date financials on a regular basis."

Justin Barker, President

✓ The Solution

Working closely with their Customer Success Manager at Yooz, Bruce Automotive Group was able to get started with the most advanced AP automation fast and define the right workflows that met its needs. Within a month, staff at all locations had become familiar with the most intuitive user experience and a broad range of powerful features that Yooz offers, including seamless integration with PBS, Bruce's preferred dealer management system (DMS).

Even the onset of the pandemic did not slow down the company's path to efficient AP automation as the team was able to keep approving and paying invoices remotely and kept the business going.

The Impact

After switching to Yooz, Bruce Automotive gained the flexibility to get things done faster with intuitive, customized invoice and payment workflows. Even during business disruptions, Yooz ensured reliable AP continuity.

Teams can now review and approve documents anytime, anywhere, from any device—maximizing mobility and efficiency. With real-time visibility into financials through the Yooz cloud-based platform, Bruce Automotive always stays informed and in control.

Learn how you too can achieve efficiency in the AP processes with Yooz.
